

High Brightness HD Pocket Projector

Weighing in at only 490 grams, the Qumi Q2 is the first LED pocket projector to be 3D-ready via Texas Instruments' DLP® Link™ technology and Pico chipset. The Qumi's touch sensitive button controls and sleek design is ready to be used with a variety of devices, including, but not limited to digital cameras, laptops, smart phones and tablets. Vivitek's Qumi projector is versatile and portable enough for both work and play, making it ideal for sharing digital content.

Product Features
